DURGA MADHAB NAYAK

WEB DEVELOPER

Bhubaneswar, India | kanh123.ngp@gmail.com | durga-nayak.vercel.app

SUMMARY

I am a dedicated computer science professional aiming to excel in my field through hard work and continuous learning. With experience in data management and full-stack web development, I have honed my skills in various programming languages and tools. My practical knowledge is complemented by my educational background, where I focus on applications in automation and database management

TECHNICAL SKILLS

React.js, JavaScript, HTML5, CSS3, Tailwind CSS, Bootstrap

Node.js, Express.js MongoDB, MySQL JavaScript, Java, Python

Git, GitHub, Postman, VS Code, REST APIs

EXPERIENCE

Full Stack Intern,Solar Secure   **Dec 2022 – Feb 2023**

- Completed a 13-week internship building full-stack applications using MongoDB, Express.js, React.js, and Node.js.
- Developed secure, responsive web apps with REST APIs and JWT authentication, improving performance and security.
- Collaborated in an Agile team, using Git and Postman to streamline development and testing workflows.

EDUCATION

Master of Computer Applications   **Jun 2023 - Recent**
College Of It and Management Education

BSc in Computer Science   **May 2020 - Apr 2023**
Khallikote University   CGPA:8.2

Intermediate   **May 2020 - Apr 2023**
Jupiter Higher Secondary School   percent:84%

PROJECTS

inventory & Sales Reminder System (React.js, Node.js, MySQL)

- Architected a sales reminder system using React.js, Node.js, and MySQL, which integrated with the existing CRM, leading to a significant improvement in client retention by 10 accounts this year.

· **Student Digital Attendance System (PHP, MySQL, Bootstrap)**

- Built portal for managing teacher and student attendance, materials, and performance tracking.

· **Netflix UI Clone (React.js, Styled Components)**

- Recreated Netflix's homepage using React and TMDB API for dynamic content.

ADDITIONAL INFORMATION

Languages: English, Hindi,Odia
Certifications:

- Mastering Laravel & PHP – Board Infinity - coursera
- Cloud Computing – NPTEL (Elite, 69/100)
- TCS iON NQT (IT) – Overall: 93.63%, Programming: 561.78/600

Soft Skills: Problem Solving, Team Collaboration, Communication, Time Management
Interests: Web Development, Exploring Tech, Traveling, Cooking
